EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christian Abel on 2/3/06.

The application has been amended as follows:

In claim 4 line 1 "claims 2 and 3" has been deleted and --claim 3-- has been inserted therefore.

In claim 5 line 1 "claims 3 and 4" has been deleted and --claim 4-- has been inserted therefore.

In claim 6 line 1 "one of claims 3-5" has been deleted and --claim 5-- has been inserted therefore.

In claim 7 line 1 "one of the above-mentioned claims" has been deleted and --claim 6-- has been inserted therefore.

In claim 8 line 1 "one of claims 1-6" has been deleted and --claim 6-- has been inserted therefore.

In claim 9 line 1 "claim 7" has been deleted and --claim 4-- has been inserted therefore.

2. The following is an examiner's statement of reasons for allowance: the prior art neither discloses nor makes obvious the combination set forth in the claims by not disclosing a liquid ring compressor, comprising a rotating compressor casing, a shaft journal eccentrically located relative to the compressor casings axis of rotation, with a surrounding bearing, one or more compressor wheels with at least one vane, disposed in the compressor casing with the inside of the compressor wheel in abutment against and rotating around the bearing and inlet and outlet ports for the fluid that has to be compressed. The liquid ring compressor further comprises at least one magnetic element mounted in the compressor casing adjacent to the compressor wheel, where when the compressor casing is rotated, the magnetic element makes the free-running compressor wheel rotate at the same rotational speed as the compressor casing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
